Message

Dear all

All of us are well aware that BSNL is passing through the most difficult phase. It is struggling on financial front due to fiercest ever competition, which has caused a delay in disbursement of the salary of employees on time inspite of the best efforts to avoid it.

In view of the concern being expressed by the individuals, Unions and Associations over this issue, I want to assure all of you that the Management is equally concerned on this issue, but confident, because it is making all possible and sincere efforts to tide over this difficult situation including seeking the help of DOT in this regard.

It has always been one of the topmost priorities of the Management to disburse salaries to employees in time. Being part of this great organization for a long time, I always take pride in the fact that all of you, while serving with commitment and passion, have never given up even amidst the most adverse situations.

I hope with our synergy and combined strength, we will be able to overcome the present challenges arisen out of precarious financial position of the company.

I reiterate that the Management is proactively working on different fronts to ease financial situation of the company, and all other issues related to employees including disbursement of salary of employees. It is expected that these efforts of the Management may fructify soon. At the same time, we are open to any innovative ideas from the individuals, Unions and Associations that may add value to the customer or to the company; or that may improve operational efficiency or business processes.

Lastly, I earnestly request all of you to remain focused, work cohesively and serve our esteemed customers with full dedication in best possible manner in the larger interest of the Company. Let us help each other to do something better and together let us do what we are here to do.

(Sheetla Prasad)
